1. Fishing areas in Everglades National Park, Florida	14
2. Length-frequency distribution of all snook collected from sportfishermen catches in Everglades National Park, Florida, 1976-1979	15
3. Length-frequency distributions of male and female snook collected from sportfishermen catches in Everglades National Park, Florida, 1976-1979	16
4. Enlarged scale of a three-year-old snook collected from north Florida Bay, Everglades National Park	17
5. Fish length-scale radius regressions for snook in Everglades National Park, Florida, 1976-1979	18
6. Scale margin increments by season for all four-year-old snook in Everglades National Park, Florida, 1976-1979	19
7. Lengths at capture and back-calculated lengths at age of all snook in Everglades National Park, Florida, 1976-1979	20
8. Age distribution of snook collected from sportfishermen catches in Everglades National Park, Florida, 1976-1979	21
9. Back-calculated mean lengths at age for snook males, females, and combined sexes in Everglades National Park, Florida 1976-1979	22
10. Mean back-calculated lengths at age for all snook collected from areas in Everglades National Park, Florida, 1976-1979	23
11. Mean calculated lengths at age of male and female snook in Everglades National Park, Florida, 1976-1979	24
12. Regression of G, the instantaneous growth coefficient, on the reciprocal of mean back-calculated length for all snook, Everglades National Park, Florida, 1976-1979	25
13. Comparison of mean back-calculated lengths at age and lengths predicted by the von Bertalanffy equation for all snook in Everglades National Park, Florida, 1976-1979	26
